Part II.

SUBSTANCE OF INTERVIEW DESCRIBING THE GENERAL NATURE OF WHAT WAS DISCUSSED:
The examiner noted that the instant application and applicant's copending 09/582492 were both ready for allowance, after minor examiner's amendment to the instant claims. The examiner proposed withdrawal of the restriction requirement between product and process claims and combination of all allowable claims into a single application. Mr. Zuhn agreed, and approved the amendment of the instant claims for clarity and the addition of the claims pending in the 09/582492 application. It was also agreed that the other application would be expressly abandoned in order to facilitate the combination of the two applications. It was also agreed that the notice of allowance would include a note that all claims being allowed enjoy the benefit of priority to the parent 09/582492 application.

Part III.

☒ It is not necessary for applicant to provide a separate record of the substance of the interview, since the interview directly resulted in the allowance of the application. The examiner will provide a written summary of the substance of the interview in the Notice of Allowability.

☐ It is not necessary for applicant to provide a separate record of the substance of the interview, since the interview did not result in resolution of all issues. A brief summary by the examiner appears in Part II above.
